- 2 wireless studio-grade handheld microphones (Shure Beta 58s).
- 2 additional audio inputs (e.g. Powerpoint/Keynote audio, program music, etc.)
- Professional custom voiceover introduction.
- Crystal Clear audio guaranteed.
- Audiences up to 1,000 people.
- We are the only company that guarantees you will have sound for your event, *with or without electricity!*

BONUSES:

- Free single camera LIVESTREAM viewable online.
- Custom landing page with embedded livestream.
- Free single camera 4K video capture with professional audio (*will be delivered to you in MP4 format on a USB drive within a week after the event*).
- 4 laminated QR code signs with web address for your livestream.

\$1,000 flat fee (up to 4 hours)

\$250 for each additional hour (billed in 15 minute increments)

NO MORE EYESORES

Typical loudspeakers and stands look terrible and create a significant visual distraction (i.e. eyesore) for your attendees.

At Sound Alive Productions we use the industry's best Bose L1 line array systems which not only provide crystal clear audio for your event, but are the most visually minimalistic loudspeakers available on the market. You will look good and sound even better!
